Seek and Find—Animals at the Museum

Many of the aircraft have names of birds, bugs or mammals. Some aircraft have pictures of animals on them and there are two exhibits about animals. How many of these can you find? Visit the museum or take a tour at <http://nmusafvirtualtour.com>. Match the picture of the animal with the picture of the aircraft.

Look for these in the **EARLY YEARS GALLERY** and look for the exhibit about “Stumpy” John Silver, the World War I carrier pigeon.

Owl

Tiger Moth

Camel

Hawk

Don't miss the F-4 and F-16 cockpits!
We hope you enjoyed your visit!
