

The National Museum of the U.S. Air Force will commemorate the 75th Anniversary of D-Day with two separate days full of events, as well as a temporary augmented reality exhibit.

The commemorative events will occur on Monday, May 13 and Thursday, June 6, 2019. The event on May 13th will include a paratrooper jump, D-Day films, and the opening of the temporary augmented reality exhibit which will remain open through the end of the year. The event on June 6th will include a flyover, wreath laying, living history re-enactors, WWII-era vehicles, collection displays and D-Day films.

# DDAY 75<sup>TH</sup> ANNIVERSARY

FREEDOM FROM ABOVE

## EXHIBIT

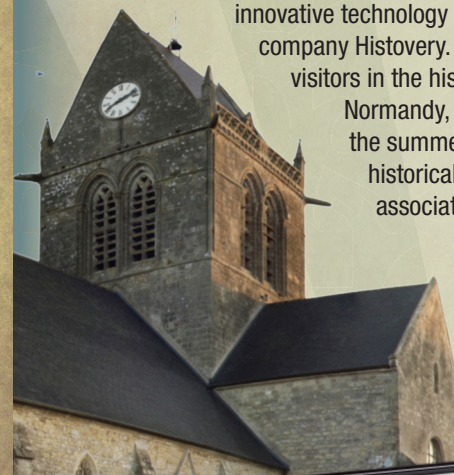

# D-DAY: FREEDOM FROM ABOVE

Open May 13 through the end of the year

In honor of the 75th Anniversary of D-Day, the Air Force Museum Foundation will open a new, highly interactive, augmented reality experience focusing on the 82nd and 101st Airborne divisions and their missions during D-Day.

This limited-time exhibit utilizes tablets running the innovative technology "HistoPad," designed by the French company Histovery. HistoPad technology immerses visitors in the history of Sainte-Mère-Eglise, Normandy, France, during the Occupation and the summer of 1944. Through spectacular historically-validated 360° recreations, in association with the Airborne Museum of Sainte-Mère-Eglise, visitors will travel in time to understand the key moments of this decisive battle for the success of D-Day.

The D-Day: Freedom From Above exhibit, located in Building 2, will take approximately 40 minutes to tour.  
**Cost \$5 per tablet.**
