During the initial reopening phase, the National Museum of the U.S. Air Force asks visitors to comply with the following guidelines:

Masks: We require the use of face coverings for all staff, volunteers and visitors (3 years and older). Visitors may wear their own masks or a free paper mask will be provided. Cloth masks will also be available for purchase in the Museum Store.

Social Distancing: Please maintain a minimum distance of six feet from those outside your party while on the museum campus.

Sanitation: Hand sanitizers are available in the facility. Please use them and washing stations in our public restrooms. Cleaning will be enhanced throughout the museum.

Health: If you are not feeling well, have a fever, body aches or a cough, please visit another day. You can take our online virtual tour.
